

## MR. CLARK'S COUP TO KEEP HIS SEAT

Montana Senator Resigns and the Acting Governor Reappoints Him.

## PLAN WILL NOT WORK

Upper House Indignant Over Being Imposed Upon by a Clever Actor.

## HIS HIDDEN CARD IS PLAYED

Washington, May 16.—[Special Telegram]—The senators are practically unanimous in the opinion that the appointment of Clark to the vacancy from Montana was legal as the state constitution is quite clear on that point.

In the senate Bacon's remarks were interrupted to permit Chandler to move the postponement of the resolution in the Clark case until Saturday. Chandler said the privileges and elections committee desired to have a meeting to consider what action to take in the matter.

## Surprises in Clark Case

Helena Mont., May 16.—W. A. Clark, practically expelled from the seat given him in the United States senate by the Montana legislature, because members of that body were bribed in his support, will ask for membership in the upper house on the appointment of the lieutenant governor of Montana. Yesterday Senator Clark announced in the senate that he had sent in his resignation to the governor of Montana. Last night the coup developed, when he was appointed by Acting Governor Spriggs to fill the vacancy created by his own resignation, which was announced just in time to prevent the senate from considering a motion to act on the committee's report to expel him.

## Spriggs a Clark Partisan.

The appointment by Lieutenant Governor Spriggs provides that Mr. Clark shall serve until the next legislature shall elect his successor. Senator Clark's resignation was filed early in the day with the Lieutenant Governor.

Lieutenant Governor Spriggs has been a partisan of Senator Clark during his candidacy for the senate and since Governor Smith, a partisan of the Daily people left the state two weeks ago for California to attend to some mining cases in which he is attorney. This left the way clear for the resignation and the appointment by Spriggs.

## He Shed Crocodile Tears.

Washington, D. C., May 16.—There is great difference of opinion and intense interest among the members of the senate regarding the Montana developments in the Clark case. The reading of the letter of resignation was attended by many dramatic circumstances. There were tears in his eyes, too, but apparently they were of the crocodile variety, in view of the palpable bargain with the Montana authorities.

Sensor Clark's name was stricken from the roll by order of the president pro tempore as the result of the resignation, but leading senators of the senate say this does not effect in any way the question of the title to the seat.

It is said in the senate that in no case can Clark's name be put on the rolls again during this session.

## FATAL CHICAGO FIRE EARLY THIS MORNING

Four Dead and One Missing—Many Injured in Jumping From a Hotel Window.

Chicago, May 16.—[Special Telegram]—A fire at 3 o'clock this morning in the hotel Helene in Fifty First street destroyed the building and burned to death two unidentified women and badly injured ten others who jumped from the third story windows.

S. G. McHatten, a bank clerk, and Mrs. T. D. Allen, whose back was broken, died in the hospital.

Others badly injured were: Florence Florence, Stella Niewolski, Sarah Hutchinson, William F. Horne, E. E. Tarbox, Mrs. W. F. Taylor and T. D. Allen. J. H. Collins, a salesman from New York is missing.

The fire was discovered by a passing policeman but gained headway too rapidly for assistance to be summoned in time. Those injured jumped from the windows.

## Death of Westley Love

Beloit, Wis., May 16.—[Special]—Westley Love of this city, brother of City Treasurer John A. Love, died at a sanitarium in Milwaukee this morning at 3 o'clock. He has had lung trouble for some time past and had tried all medical treatments for relief but they failed to relieve and death came this morning. Mr. Love was about 35 years of age and was well known in this city. He leaves a wife and one child.

LINCOLN and \$2.00. Just remember these two, that is all for Saturday.

## TO STOP HIS SON MARRYING

Milwaukee Father Applies to the Courts for an Injunction.

Milwaukee, May 16.—One of the oddest applications for the law's relief known to Milwaukee courts was filed yesterday by Henry Mommson, who applied to Judge Peres for an injunction to prevent his son, Henry Mommson, Jr., from marrying a widow with four small children.

Whether Mr. Mommson is of the mind of the elder Weller was not stated, but he was very much in earnest in trying to prevent his son from entering into the present matrimonial contract.

## GETS A SALARY OF ONE CENT A YEAR

Mail Carrier in Wisconsin Who Receives that Sum Annually from the Government.

Iowa County, Wis., lays claim to having the lowest salaried official in the employ of the United States government. The government hires Frank Lynch for one cent a year to carry the mail between Dodgeville, the county seat of Iowa county, and Mineral Point, nine miles distant.

It is the law that such employees shall be paid quarterly, but Lynch, although he has been carrying the mails regularly since last July, has as yet received no quarters of a cent or checks for those amounts. The young man is not looking for any remittances on his salary until next July, when he expects a check for a whole cent. It is supposed this will be the smallest check ever issued by the government, and efforts have already been made to secure possession of it. The mail carrier has received several offers of \$15 or \$20 for the check, but he has so far warily avoided any definite entanglement.

Both Dodgeville and Mineral Point have railroads, but there is none between the two towns. The trip from one place to the other by rail is so roundabout that it is out of the question, so passengers and mail are driven across the country. Whoever has the contract for carrying the mail feels that he is certain of all the passenger trade, for no one has yet had the courage to compete for passenger business with the United States mail carrier. For this reason the transfer of the mail is deemed a valuable privilege.

Every four years the postoffice department contracts to lowest bidders for transfer of mail sack. Last year there was the liveliest competition ever known for the Dodgeville-Mineral Point contract. Several different men signified their intention of going into the contest, and the "talk" was kept up until each bidder knew he would have to go pretty low to get the prize. The man who then held the contract had been receiving about \$40 per year for carrying the mail. It is said that when the bids for the new contract were opened in Washington it was found that the three lowest offers for carrying the mail per year were one cent, thirty nine cents, and \$1.50. Frank Lynch, being the one cent bidder, was awarded the contract for four years.

## NINETEEN KILLED AND FIVE WOUNDED

General MacArthur Makes a Report on the Fight at Catubig on April 14.

Washington, May 16.—[Special Cablegram]—Gen. MacArthur in a cablegram to the War department confirms the reported engagement with the insurgents at Catubig, April 14, in which a detachment of the forty-third infantry garrisoning that place took part. Of the thirty one men in the detachment MacArthur reports nineteen killed and five wounded. Over two hundred of the attacking party were killed the streets being covered with the dead insurgents.

A dispatch from Iloilo says the Panay cable was broken by an earthquake.

## FIGHTS SPECIAL ASSESSMENT

Resident of Kenosha Objects to His House Being Sold for Taxes

Kenosha, Wis., May 16.—A house valued at \$20,000, owned by H. S. Van Ingen, a Chicago business man, who makes his home in this city, was sold at a sale here today because Van Ingen had refused to pay a special assessment for a number of gas and water mains. The sale of the house is the beginning of litigation which will be of great interest to people living in cities of Wisconsin. When the gas and water mains were laid Mr. Van Ingen objected to their being laid in his property on the ground that he had no need for them. Later, however, the city ordered the mains laid and assessed the property for the value. Mr. Van Ingen at once refused to pay the tax and the property was listed with the other pieces to be sold for taxes.

A suit was at once instituted in the supreme court of Wisconsin to prevent the purchaser of the tax certificates from taking any lien on the grounds. The plaintiff in the suit is reported to be supported in his claims by many well known men in the city and he has promised to fight the case until it is decided in the highest court.

## WHEELER IS MADE STUDENT MANAGER

JANESVILLE BOY WILL MANAGE FOOTBALL TEAM.

Program for Commencement is Well Under Way at the State University at Madison—Putting the Finishing Touches on Their Thesis—Loss to the Law School.

Madison, May 16.—At a meeting of the directors of the Athletic Association Monday night, A. K. Wheeler of Janesville was elected Student Manager of Football for the next season. This is the most responsible position held by a student and requires a man of experience in athletics and one of great executive ability. Besides being one of the best athletes in the West, Mr. Wheeler ranks high as a student and debater, being a member of the Forum, one of the leading literary societies of the University. In addition to his school work he has become well known to the town's people through his connection with the leading firm of lawyers, Bashford, Alward & Spensley, and he has won the esteem and confidence of all. Such a recognition of his ability is especially gratifying to his many friends.

The program for Commencement has been decided upon and among those participating Janesville has her representatives. Miss Susie E. Lowell gives the Class Statistics and Miss Marcia M. Jackman has the Class Prophecy on Class day.

The Seniors are busy putting the finishing touches upon their thesis, which must be approved by June 1. The subjects in their different branches of work investigated by those from Janesville are:

The Development of the Fool in the English Drama by Anna D. Valentine. The Character of Joan of Arc as Portrayed in Schiller's Jung Frau von Orleans, Susie E. Lowell; Children in Shakespeare, Marcia M. Jackman; The Editing of Two Books by Thucydides, Marie McClerman; The Effect of Loads on Timber, Edward L. Williamson.

The Liability of a Married Woman on Her Note Given to Secure Her Husband's Indebtedness Under the Laws of Wisconsin, Frank L. McNamara. The Lead Regions of Illinois, Bernard M. Palmer.

The experiments of E. L. Williamson have been very exhaustive and conducted along original lines and so far have received the approbation of his professors. His thesis will no doubt be published as one of the Engineering Bulletin.

The John Day was successfully launched last Saturday and will be in constant use by Coach O'Dea from now on.

The base ball team was defeated Tuesday by Notre Dame in an almost errorless game. The heavy hitting of Notre Dame told however. The team leave Thursday on what promises to be the most successful trip in years. Great interest has been manifested in base ball by the students and a large crowd of rooters will accompany the team to Janesville on May 30 as everyone realizes it will be a very hard game.

As the recent action of the Board of Regents in changing the Faculty in the Law School has become known, great indignation has been expressed by many of the students. The feeling is general among the older students that the loss of Professors Olin, Bashford and Jones will seriously cripple its work and lower the high reputation which the school has attained.

## U. S. GRANT, JR., A DELEGATE

One of Those Sent From California to Philadelphia.

Sacramento, Cal., May 16.—The republican state convention met here yesterday afternoon. Four delegates at large to attend the national convention were elected as follows: U. S. Grant, Jr., George Pardee, George A. Knight and N. D. Rideout. The platform is contained in less than 300 words. It declares for the construction of an interoceanic canal under government control and ownership; declares against the influx of Asiatic labor and endorses the administration of President McKinley.

## HEARS PROTEST OF THE TAXPAYERS

New Badger Tax Commission Gives Audience to Representatives of Railroad Corporations.

Madison, Wis., May 16.—The first hearing of corporations on the subject of taxation by the new State Tax commission began in the senate chamber yesterday afternoon. Among the listeners present were Governor Scofield and most of the state officers, several members of the legislature and many railroad representatives.

Arguments against any increase in taxation were made by George B. Peck for the St. Paul, L. F. Bowers for the Northwestern, H. O. Fairchild for the Green Bay and Western, and B. F. Losey for the Burlington.

The big roads will submit detailed statements regarding the assessed and actual value of their property in a few weeks. All the speakers today contended that their roads were paying more than their share of taxes.

## LA FOLLETTE OUT AS A CANDIDATE

WANTS TO BE GOVERNOR OF THE STATE OF WISCONSIN.

Long Expected Announcement Made—In No Sense, He Says, Either Local or Factional—For Party Harmony Without Sacrifice of Principle—Will Make an Active Campaign.

Madison, Wis., May 16.—Ex Congressman Robert M. La Follette, thrice denied the nomination for governor by the republican party in Wisconsin in the past six years, is again a candidate for that honor. He formally announced his candidacy last night.

Nine years ago he broke from the older leaders of the party of the so-called machine, and has since been waging a rather uphill fight. The cause of the break was a rupture between him and the late Senator Sawyer over the state treasury suits.

From the tenor of the statement it is evident that this campaign will be conducted along other lines than those which marked the contests of two and four years ago. He recognizes the importance of the campaign this year, when there is a national ticket to elect and will do all in his power to promote harmony in republican ranks. The statement follows:

## La Follette's Announcement

I shall be a candidate for the Republican nomination for governor before the convention to be held Aug. 8, 1900.

This decision has been reached after the most thorough investigation and upon such advice and counsel as assures me that it is a wish of a majority of the republicans of Wisconsin. This is in no sense personal, but due to the fact that I have for years advocated throughout the state and with others have labored to secure the recognition of certain principles as just, equitable and republican.

These principles were embodied in the last state platform and became the creed of the republican party of Wisconsin. Progress was made in the last legislature toward their enactment into law. The work is one of magnitude and complexity, and it is not a matter of surprise that it could not be completed in a single session. These principles and the purposes of those who advance them will ultimately be accepted as fair and just by those who have opposed them.

Each citizen and the representative of every business interest must in the end agree that all should share equal interest in the benefits of the government, and each should bear a just proportionate share of its burdens. No legitimate business interest will find cause for alarm in this declaration. The doctrine is neither radical nor revolutionary. It cannot be defeated by abuse of its advocates or by attacking their party.

The foundations of republican faith were laid to preserve and maintain a government where all men should be equal before the law. It is the very essence of republicanism. Upon the most reliable authority I believe it to be the desire of the republican party of Wisconsin to reaffirm these principles and secure their complete establishment.

We are approaching a national campaign. The interests of the republican party are clearly paramount to the interests or ambitions of any individual. Fully appreciating the responsibility, I have waited to be made certain that my candidacy will in no sense be either local or factional, but will find support in every section ready as I do today, to secure and promote party harmony wherever it can be done without sacrifice of principle, heartily welcome the manifestations of better feeling which exist, and shall do whatever I can consistently to foster and continue it.

## FOR REPEAL OF SOME WAR TAXES

Congressman Otjen's Bill To Cut Tariff on Beer, Tobacco and Proprietary Articles.

Washington, D. C., May 16.—Representative Otjen has received numerous requests from brewers and tobaccoists in Wisconsin that he introduce a bill for the repeal of the war taxes on these articles. Mr. Otjen had written his constituents that he would introduce a bill, but in the present situation he is doubtful of action by congress at this session.

In response to the requests he yesterday introduced a bill cutting off the war taxes on beer and tobacco also on documents and proprietary articles. The ways and means committee has held several hearings at which testimony was taken from representatives of industries affected by these schedules of the war tax law, and it is admitted by members of the committee that concessions should be made at the earliest opportunity in respect to these taxes.

The difficulty seems to be that it is recognized as impossible to cut off all the taxes imposed on account of the Spanish war until the treasury department has better information than it now possesses in regard to the probable status of the treasury surplus by the end of the present year.

Little doubt is expressed that material reductions will be made at the next session. The committeemen are indisposed to touch the beer and tobacco war taxes until conditions are favorable for removing the entire war taxes on these articles.

## CORRUPTION IN CUBA

Havana, May 16.—[Special Cablegram]—It is said that Cabanas fortress is being prepared for the reception of the prisoners in the postal scandal. The reported shortage in the Havana post office is eight thousand dollars which if true means another fraud to deal with.

## THREE MILWAUKEE SUICIDES

Two Prominent Residents and Unknown Man Kill Themselves.

Milwaukee, Wis., May 16.—George T. Eddy, one of the best known job printers in Milwaukee, who had lived in this city more than forty years, hanged himself yesterday morning at his home, 457 Oakland avenue. He was despondent because he had recently lost his position.

Ex-Alderman Robert Oldenburg, 38 years of age, despondent over business affairs, committed suicide by jumping into the Milwaukee river. The body was found yesterday morning.

The body of an unknown man 25 years of age was found at the government pier today, with the feet dangling in the water. In his pocket was a bottle of poison.

## LEAD THE FIGHT AGAINST TRUSTS

REPUBLICAN MOVE TO CONTROL ALL THE MONOPOLIES.

Measure Amends Sherman Act and Aims to Restore Industrial Competition—Its Provisions are Stern—Democrats are Led Into an Opposing Position.

Washington, D. C., May 16.—By the action of the house judiciary committee yesterday afternoon there was settled the last of the great issues on which the republican managers propose to appeal to the people in the next campaign. The committee by a strictly partisan vote agreed upon the proposed amendment to the constitution granting specific power to congress to regulate trusts and monopolies, and also a radical amendment to the existing anti trust law.

## The Amendment Proposed.

The constitutional amendment as agreed to and reported to the house proposes the following as article XVI of the constitution:

"Section 1. All powers conferred by this article shall extend to the several States, the Territories, The District of Columbia, and all territory under the sovereignty and subject to the jurisdiction of the United States.

"Section 2. Congress shall have power to define, regulate, control, prohibit, or dissolve trusts, monopolies, or combinations, whether existing in the form of a corporation or otherwise.

"The several States may continue to exercise such power in any manner not in conflict with the laws of the United States.

"Section 3. Congress shall have power to enforce the provisions of this article by appropriate legislation."

## Democrats Oppose Amendment.

Every Democrat voted against the proposed amendment to the constitution holding to the old principle of that party that it would prove, if passed, an infringement of state rights. On the main issue the anti-trust bill—the democrats refrained from voting.

Not expecting the republicans to come squarely out at this session of congress and hoping that the dominant party would be placed in a bad light because of silence, the democratic statesmen in Washington were taken by surprise and being careful of public opinion "played safe" in the committee room by not going on record against the anti-trust bill.

The republicans, on the other hand, have had this card up their sleeve for some time. They have eluded all inquiries as to what the house committee on judiciary would do, and therefore the results of the day are like a thunderbolt from a clear sky.

The democrats have been outwitted at their own game, with due respect to the machinations of Senator Jones and Bird S. Coler, New York.

## Loss Half a Million Dollars

St. Catharines, Ont., May 16.—[Special Telegram]—The plant of the Well and Yale Cycle Motor company burned this morning. Loss half a million dollars.

## POPULATION OF CUBA

Official Bulletin Shows a Decrease of 58,589 Caused by the Civil War—Total Loss 200,000

Washington, D. C., May 16.—General J. P. Sanger, in charge of the census taking in Cuba and Porto Rico has made public a bulletin giving the total population of Cuba by provinces, municipal districts, cities and wards.

A comparison of the census taken under Spanish authority in 1887 with the result obtained by the recent count discloses a loss in the twelve years of 58,589, attributable to the recent civil war and the reconcentration policy accompanying it. These figures however, express only a part of the loss from this cause and the direct and indirect losses by the war and reconcentration policy are estimated at 200,000.

The urban population of all cities of more than 1,000 inhabitants numbers 741,273, or nearly one half the entire population. The urban population of cities of 8,000 or more inhabitants amounts to 499,682, a proportion of 32.3 per cent of the total population.

Ninety-six Cuban cities have a population in excess of 1,000 inhabitants, in sixteen of which the number of inhabitants is 8,000 or more, five having a population in excess of 25,000, and one (Havana) a population of 235,981.

## NOW GLENCOE HAS ALSO BEEN TAKEN

Gen. Buller Reports the News From the Front at Dundee.

## BOERS STILL RETREAT

The Transvaalers Have Now Entirely Evacuated Biggarsburg Positions.

## FLAG OF TRUCE IS VIOLATED

London, May 16.—[Special Cablegram]—Gen. Buller reports from Dundee: "We occupied Glencoe yesterday. The Transvaalers have now evacuated their Biggarsburg positions and the Free Staters on the Drakensberg are much reduced in numbers. The Carolina, Lydenburg and Pretoria commands trekked with eleven guns and entrained at Glencoe. Their last train and ambulances left yesterday morning. This result is largely due to the excellent work of the Fifth division the last few days. Trains are now running far as Wessels Nek station, half way between Ladysmith and Dundee."

Roberts reports from Kroonstadt that two officers and six men in the Prince Alfred Guards while foraging were fired on by a party of Boers hiding in a farm house with a flag of truce flying. Two men were killed, one officer wounded and another officer and two men captured.

## Total British Losses.

London, May 16.—The war office last evening issued an abstract of British casualties since the beginning of the war. This shows a total of 20,085, exclusive of the sick in the field and the invalids, including the wounded sent home, who number 8,901.

## Matfeking in a Crisis.

London, May 16.—[Special Cablegram]—A dispatch from Lourenço Marques says it is reported that the Boers have been repulsed at Matfeking with heavy losses. No dates are mentioned in the dispatch and it is not certain whether this report is a version of Sunday's battle at Matfeking or relates to subsequent fighting. However, the report strengthens the belief that Matfeking is passing through a crisis of sieges.

## JIM CORBETT MAY RUN FOR CONGRESS

Pugilist Being Boomed For the Democratic Nomination in Gotham Tenderloin District.

New York, May 16.—James G. Corbett's friends have started a congressional boom for their hero. They call attention to the fact that Morrissey, a prize fighter was sent to the house of representatives and ask, Why not Corbett?

The nomination is all that is needed, by the way, in the twelfth.

George Considine, Corbett's manager, is enthusiastic over the possibilities. To be manager of a congressman would be the height of his ambition. He takes the affair seriously and is already beginning to pull wires. Corbett himself is modest. Talking of the matter today, he said:

"I am not announcing myself as a candidate by any means, but am simply in the hands of my friends. If they choose to run me as a candidate and think the voters want me I will run."

"However, I understand that it is the voters of the district and not my own personal friends who are to elect their representative and I would like to hear from them on the subject before I would be willing to enter the ring, much bigger than the inclosure to which I have been accustomed."

"Political life, of course, has its attractions, as my friend Tim Sullivan has found out, and should the public desire to put me in and put me in right I would stand to the finish and not dodge a blow."

## TOWN OF NORTH YORK DESTROYED BY FIRE

Small Hamlet on Wisconsin Central Near Ashland Wiped Out by Forest Fire.

Ashland, Wis., May 16.—North York, a hamlet lying along the line of the Wisconsin Central, was completely burned by fire which had its origin in the woods. The loss will reach over \$50,000. Over 1000 families are homeless. Aid has been sent from this city.

"All the world knows the quality of Pillsbury's Vitos Breakfast Food and Pillsbury's Flaked Oat Food are from the same mills, which speak for itself. Sold by Janesville grocers."

## HILL IS WITH BRYAN.

Would Gladly Take Second Place on Democratic Ticket.

Chicago, May 16.—Col. W. A. Humphill, president of the Atlanta Constitution company, who is here to attend the annual meeting of the Associated Press, furnished his interviewer an interesting bit of political gossip. "How would David Bennett Hill appear as the running mate for Col. William J. Bryan?" asked Col. Humphill. "Well, the leaders have been discussing the availability of the ex-governor of New York for the second place on the Democratic ticket. Let's see. How long ago was it that Mr. Bryan was the guest of Hill at his home at Wolfert's Roost? I believe from what I have heard, Mr. Hill would be immensely pleased were he permitted to run with the Nebraska man. Of course, Hill opposed the Chicago platform, but with silver put into a subordinate plank in the Kansas City platform, the man from 'the enemy's country' would greatly strengthen the national ticket in the race in the Empire state. That is the way the leaders figure it. Another New York man—Congressman Amos Cummings—has also been discussed in the south as a possibility. Towne is not well known in the south and will not be the choice of that part of the country for second place, in my opinion."

## Kenosha Has \$1,000,000 Fire.

Kenosha, Wis., May 16.—The large warehous of the Chicago-Rockford Tosiery works of this city were destroyed by fire entailing a loss of over \$1,000,000, which is entirely covered by insurance. Three hundred women and children were employed, and when the cry of fire was sounded all made a rush for the doors of the building, only to find their exit barred by a crowd from the other rooms in the building. The fire caused wild excitement in all parts of the city, and a great crowd gathered to watch the destruction of the building and to see that their friends had been saved. Fred Anderson was injured by falling from the roof of one of the buildings, but beyond this all the employees of the works escaped without serious injury.

## MORE BLOODSHEED IN ST. LOUIS

One Mortally Wounded, Two Others Seriously Shot.

St. Louis, Mo., May 16.—There was more bloodshed growing out of the St. Louis strike. Attempts to run the cars of the Transit company met with mob demonstrations at various points. The jeering, hooting crowds were successfully dispersed by the police on every occasion. Despite the vigilance of the officers, however, one man was mortally wounded and two were seriously shot.

The injured: John Fete, striking motorman, shot in the groin, it is said, by Conductor B. B. Campbell, during an attack on a St. Louis Transit company's car; will die. Joseph H. Trendall, 17 years old, member of the crowd shot at by Conductor Campbell; shot in left hip. John King, aged 22, member of crowd that joined a street railway repair wagon; shot by a member of the repair crew; seriously hurt.

All the trouble was confined to the lines of the Transit company, which is negotiating for peace, but which has not yet settled its difficulties with its men. Under heavy guard it managed to run nine of its twelve lines until nightfall, but the timid public preferred to get home by other routes, and the few cars run were practically deserted.

The most serious disturbance of the day occurred on the Grand avenue division of the Transit company, when a number of strike sympathizers attempted to assault a non-union crew with stones and bricks. On the roofs of the houses were gathered a number of men and boys, who hurled stones and missiles at the car. The volley was supplemented by the crowd in the street, which closed in on the car. The non-unionists were hooted and jeered. The passengers fled precipitately, leaving no one on board except the train crew and the two policemen on guard. The officers used their clubs on those who came close enough, but made no attempt to use their revolvers. Several of the stones struck the motorman. The conductor rushed forward and opened fire on the crowd with a big revolver. John Fete, a union motorman, fell mortally wounded at the first shot. Joseph H. Trendall, 17 years old, was shot in the hip, but not seriously wounded. The shooting of the conductor was replied to by some one in the crowd, and several shots were exchanged, but no one in the car was hit. The mob became enraged and made an effort to seize the conductor. It was held at bay by the policemen until the arrival of reinforcements, when the crowd was dispersed. At night, while the repair crew was connecting clipped wire, a mob assaulted the crew with stones. One of the men drew a shotgun and fired into the crowd, seriously wounding John King. It required the efforts of the policemen to save the street car man's life.

## MICHIGAN FOREST FIRES.

Alpena in Danger—The East Side of Fisher Destroyed.

Alpena, Mich., May 16.—Forest fires are raging all over Alpena county, and the flames, fanned by a high wind, have reached the railway yards in the outskirts of this city and the railway service is paralyzed. The shingle mill at Larocque, several houses and piles of lumber belonging to J. C. Wilson have been destroyed. Several houses have been burned down at Tomer, and piles of lumber at Onaway, Presque Isle county. A fire engine from this city has been sent to Millersburg, which is in imminent danger.

Traverse City, Mich., May 16.—Forest fires are raging all around this city.

Wolverine, Mich., May 16.—A fortunate change in the wind was all that saved this place from destruction by forest fires.

Bozette Falls, Mich., May 16.—Fires are dangerously near the town, and every available man is out fighting them.

Stephenson, Mich., May 16.—The east side of Fisher is totally destroyed. The flames spread across the railroad tracks to the west side residence portion. It is feared the whole town will be wiped out. A crew of 100 men with the Menominee and Marinette fire departments is fighting the flames.

## Coughs Himself to Death.

Chicago, May 16.—Standing in a large crowd at Madison street and Fifth avenue, John Foley, 28 years old, coughed himself to death. Foley, who was employed as an elevator man by Lyons Bros. & Co., Madison and Franklin streets, left his place of employment in company with Jerry Clifford. A blood vessel in the brain was ruptured.

## Judge Phillips Grows Weaker.

Hillsboro, Ill., May 16.—Judge Jesse J. Phillips seems to be gradually growing weaker. He sleeps well, but can eat very little. His stomach and heart are both affected, and it is feared that he may not recover. He sat up several hours, however, and seemed quite cheerful.

## Won't Stand for Re-election.

Washington, May 16.—After a conference with the president, at which an understanding was reached by which he will be appointed a brigadier general in the regular army, General Joseph Wheeler gave out a letter announcing that he would not stand for re-election in the house from the eighth district of Alabama. After explaining the circumstances which determined the resignation of his commission last November and his subsequent withdrawal, General Wheeler announced that he retires from service in congress now to leave the field clear for the nomination and election of a successor not only in the next congress, but for the short term of the present one. He also expresses his warmest gratitude for the support his constituents have given him during his long service as their representative.

# CONTAGIOUS BLOOD POISON

Mrs. T. W. Lee, Montgomery, Ala., writes: "Several years ago I was inoculated with poison by a diseased nurse, who infected my baby, and for six long years I suffered untold misery. My body was covered with sores and ulcers. Several physicians treated me, but all to no purpose. The mercury and potash they gave me seemed to add fuel to the awful flame which was devouring me. Friends advised me to try S. S. S. I began taking it and improved from the start, and a complete and perfect cure was the result."

Contagious Blood Poison is the most degrading and destructive of all diseases, as it vitiates and corrupts the entire system. The first sore or ulcer is followed by little red pimples on the body, mouth and throat become sore, the glands enlarge and inflame, copper colored spots appear, and hair and eyebrows fall out. These are some of the milder symptoms; they increase in severity, finally attacking the vital organs; the body is tortured with rheumatic pains and covered with offensive eating sores.

It is a peculiar poison, and so highly contagious that an innocent person handling the same articles used by one infected with this loathsome disease, may be inoculated with the virus. It can be transmitted from parent to child, appearing as the same disease or in a modified form—like Eczema or Scrofula.

Many an old sore or stubborn skin trouble appearing in middle life, is due and traceable to blood poison contracted in early life. You may have taken potash and mercury faithfully for two or three years and thought you were cured, but you were not, for these poisonous minerals never cure this disease; they drive it from the outside, but it is doing its work on the inside, and will show up again sooner or later. You may not recognize it as the same old taint, but it is. S. S. S. has cured thousands of cases of Contagious Blood Poison, and it will cure you. It is the only purely vegetable blood purifier known, and the only antidote for this poison. S. S. S. cleanses the blood thoroughly of every particle of the poison—there is never any return of the disease.

**CURE YOURSELF AT HOME.** Send for our Home Treatment book, which gives a history of the disease in all stages, and is the result of many years of

close study of blood poison and actual experience in treating it. You can cure yourself perfectly and permanently at home, and your secret is your own. Should you need any information or medical advice at any time, write to our physicians. They have made a life study of blood diseases, and will give you letter prompt and careful attention. Consult them as often as you please; we make no charge whatever for this service. All correspondence is conducted in the strictest confidence.

BUILD A CITY HALL.

Many months ago, The Gazette advocated the buying of "the King property" for a city hall site. What was the answer then?—"Lower taxation!"

"Lower taxation" is now a dead issue, however, and public sentiment is in favor of public improvements. Therefore, we renew the motion.

Janesville needs a city hall, and it can be had at a very slight expense. The city pays out, in rentals, each year, enough money to pay the interest on the cost.

Why is it needed? In a stuffy room, with no ventilation, dark, and back in a hole, the city has placed one of the largest and best public libraries in Wisconsin. In this room, unadapted to the uses to which it is put, are the priceless books that should be in light, airy, attractive and salutary quarters. The circulation of the Janesville library is small, in comparison, largely because of the conditions mentioned.

The city and county pay the expenses of the municipal court jointly. If the city hall is built, and a court room provided by the city, the court will be a source of revenue, instead of a source of expense—the county's portion will be paid to the city. The rental is \$500 per year. Is it business to pay out when we can just as well take in?

In the foul air on the second floor of the present city building, are located the offices of the city treasurer and city clerk. These offices are a disgrace to the city, and a menace to health. Should the city require its employees to work in this foul hole? Should the city require its tax payers or visitors to hold a handkerchief to their noses when they visit the headquarters of the city government?

On the first floor of this same building, with windows opening onto a reeking alley, and with the horses quartered on the other side of a partition, sleep four firemen—human beings, yet quartered alongside the horses that draw the apparatus! The air in these sleeping rooms could scarcely be cut with a knife—good enough for horses, perhaps but surprisingly bad for a man!

On South River street is the city lock-up—without a keeper, and a constant menace to the inmates, human beings, whatever their faults may be. Under the hat of the chief of police—if you can find it—is the police headquarters of the good city of Janesville, the best in Southern Wisconsin, in most respects, but the poorest in the matter of police protection.

Shall these conditions continue? Or shall we have a city hall and library building, remodel the old engine house for the firemen, and provide modern police headquarters?

Janesville has entered upon a new era. We are out of the "lower taxation" rut, and on the high ground of progress. Will the council neglect these improvements, or will it carry out its new policy? Everyone knows that the conditions above outlined exist. Let them be corrected at once. Forward!

The Recorder, in Sunday's issue, asked this question:

What seems to be The Gazette's great hurry? The lighting contract does not expire until July. Exactly; but it was ordered renewed on the 14th day of May. Who was in a hurry, and why the rush? Was it feared that the boys would be late in getting onto The Gazette's municipal progress-loaded wagon? It matters not, however. The die is cast. Let the good work go on!

There isn't an alderman in the council who denies that the city should have a better municipal building. Start the ball a rolling.

turned that would add to the firmness with which the city was put on record. The record, therefore must endure. 'Tis well. There is more than one way to skin a cat.

And in further support of the old time contention that Janesville should move forward in all things, we again offer the following testimony from our recent convert, The Janesville Recorder, ex lower taxation organ.

Are the citizens of Janesville to go without the comforts of a city on account of The Gazette's spasms (T), or the mutters of a few heavy property holders? Not much!

The first move forward, gentlemen, should be the adoption of City Attorney Burpee's recommendation, and the employing of a sidewalk inspector. Even in our new sphere of action, we cannot afford damage suits that can be prevented.

The "electric shock" that The Gazette was thought to have received, appears to have shocked only "the knockers." The principle is established. Forward, gentlemen of the common council! Give us the improvements we need!

"Thanks to The Gazette," said a prominent West Side business man yesterday, "the city is on record in favor of public improvements. Keep it up. We should have them. Don't give up the fight." And we went.

Public sentiment, as the Gazette before stated, is in favor of progress and improvements. Let us have "the comforts of a city" despite the mutterings of a few axe grinders. The council has set the pace. Keep up the gait.

The present city building is a disgrace to progressive Janesville. Abate the nuisance. The cost is immaterial. The policy of the city is "forward." Let the onward move begin.

Five years of liberal expenditure should make Janesville about the best city in Wisconsin! Let the good work go on!

When it comes to building the city hall, however, the other nine will doubtless also favor the receiving of bids.

Good evening, Milwaukee Journal we've knocked out our knockers too!

GIRLS GO AS SOLDIERS.

Five Waukegan Lassies Don Male Uniforms and Board Soldiers Train.

Waukegan, Ill., May 16.—With regulation campaign hats, dressed in trousers and blouses of army blue, belted and with leggings like their soldier lovers', five girls of Waukegan mingled with the soldiers of the Third battalion of the Fifth United States Infantry at Fort Sheridan and left Monday night in the train which bore the command for New York, bound for garrison duty in Santiago, Cuba. The identity of Private Jessie Sherwood was discovered by Lieut. Reeves before the train had reached Woodlawn, Ill. The train was stopped at Grand Crossing and the weeping girl, with a little parcel of woman's apparel, which she carried along for the wedding that was to be in Cuba, was handed over to Lieut. Maloney of the Grand Crossing police station. Lieut. Reeves searched the train again and before Hammond, Ind., was reached he found Emma Winoski crouched behind the tall figure of a sergeant of company I. She was deposited at Hammond, and with her pack of wedding garments on her shoulder, started to count the ties between that hamlet and Chicago. Meanwhile the police telephoned to Wallace "herwood, 108 Market street, Waukegan, telling him that his step-daughter, disguised as a soldier, was in the station. Sherwood replied that he didn't want his daughter. Yesterday morning the girl's mother called and took her home. Jessie Sherwood said that she and Emma Winoski and three other girls of Waukegan, whose names she did not know, had become engaged to soldiers of the Fifth, and, rather than be left to mourn, decided to run off to Cuba and be married.

Woman Does Man's Attire. Nashville, Tenn., May 16.—When the St. Louis passenger train arrived here there alighted a trim little figure with an air of femininity, though clothed in masculine attire. Depot Policeman Walsh decided to investigate and found "the man" to be a woman. She was arrested, charged with violating a city law requiring the sexes to wear only clothing made their peculiarly by common use. At police headquarters she gave her name as Miss Minnie Warfield, aged 30, of Bangor, Me. She claims to be the victim of persecution and adopted man's attire to escape her tormentors.

Four Deaths Due to Heat.

Chicago, May 16.—Heat prostrations were numerous in the early part of Tuesday. Four of those reported resulted fatally. Miss Annie E. Daley, vice-high chief ranger of the Woman's Catholic Order of Foresters, was overcome at a meeting of the order in Handel hall. Attempts of women and priests to revive her failed and a physician had to be sent for. She was finally taken to her home. The dead: Joseph Spangens, died at his home; John Wilkowski, 45 years old, overcome, taken to county hospital, where he died; Patrick Laff, 40 years old, picked up by patrolman, died at the county hospital; George Schillo, 40 years old, an expressman, found lying unconscious in his wagon by a policeman, died at the county hospital.

Those injured by the heat are Misses

Annie E. Daley and Miss Hines; James Stafford, Henry Maple and James Mulligan.

New York, May 16.—For hours New York was like a furnace. Never before in the history of the city was such heat known in the month of May. All records were broken. At 2:30 o'clock in the afternoon the temperature was 102 degrees. This marked a new record for the year and for all months of May. There was a hard downpour of rain about 7 o'clock.

WILLIAM MORRIS TO MARRY

Procured a Marriage License This Afternoon—Well Known Couple.

This afternoon William Morris procured of County Clerk F. P. Starr a marriage license to wed Miss Mary L. Lloyd. The interested parties both reside in this city, the prospective groom being president of the Wisconsin Carriage Top company.

A license was also procured by George Eggleston to wed Miss Allie Wisch. Both reside in Janesville and are well known.

Whitewater Prizes German Medicine Co.

Tonight at Firemen's Hall the German Medicine Co. gives its last White water entertainment, going from here to open a four weeks' engagement at Janesville under a big electric lighted tent. The managers, Prof. and Mrs. Le Verre are to be congratulated on their success here, but they have earned it by giving meritorious performances, uniformly courteous treatment of their patrons and square dealing with all. It is seldom that a company of entertainers stay in one place for more than two weeks giving nightly performances and selling medicine without some adverse criticism being offered, but the German Medicine Co. is an exception and the entire troupe is made up of ladies and gentlemen, all of whom are not only pleasant people to meet but artists in their several lines. Tonight the most popular lady contest will be decided and the gold watch awarded. Last night the handsome and expensive case of silverware, given on the ticket plan fell to Mrs. Fannie Pattee.—Whitewater Register, May 10th.

This company is now located on the Doe lot near Y. M. C. A. building. Admission free tonight. Every one invited.

DEATH OF MRS. GRISWOLD

Paralysis Caused Her Demise—Has Resided in Janesville For Many Years.

Mrs. Eliza A. Griswold died at 2:30 o'clock this morning at her home 54 Milton avenue. Cause of her death was paralysis, she having been stricken last Thursday afternoon. Her entire right side was paralyzed and she died without gaining consciousness. Mrs. Griswold has resided in Janesville for about forty-five years and was a woman highly respected by all who knew her.

Mrs. Griswold was born in Bath, New York, June 26, 1834, and soon after her marriage located in Janesville. She leaves five children. They are Mrs. O. Wells Ray of Chicago; Mrs. A. R. Kent of Howard, Iowa; Ed. W. Griswold of Menasha, Wis.; and Mrs. H. Kolle and Mrs. Milo Thayer of this city. H. B. Walker of this city, is a brother.

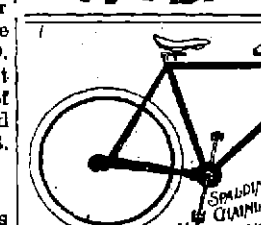

Want a Wider River.

Washington, May 16.—Chicago's river and the current in it caused by the sanitary canal is being discussed before the secretary of war. The Lake Carriers' association is presenting, through its attorney, Harvey D. Goulder of Cleveland, Ohio, a statement of the conditions that have obtained in the river since the opening of the canal, and sets forth that the swift current, the bridge piers and the tunnels obstruct navigation to an unreasonable degree.

Officers in American Dependencies. Washington, May 16.—Mr. Ross (Vt.) in the senate called up his bill "regulating appointment to and removals from civil offices in outlying dependencies of the United States," and addressed the senate upon it. He held that the appointments should be non-partisan, and no officeholder should be removed without having an opportunity to meet charges properly made and duly established.

Mr. Hale (Me.) said he did not share in the expectations of Mr. Ross as to the carrying out of the perfect program marked out by him for our insular possessions.

## SECRETARY M'GEARY ARRESTED HERE

ALLEGED DEFAULTER FROM  
CANADA BEHIND THE BARS.

Officer John Brown Makes the Arrest  
This Morning—It Is Claimed That  
the Arrested Man Skipped From  
Ontario Taking With Him Consider-  
able Cash and Valuable Papers.

Frank McGeary, financial secretary of the International Cigarmakers' Union at London, Ontario, Canada, was arrested this morning in this city on the charge of stealing \$300 and valuable papers from the union at Ontario. He has confessed his guilt and the Canadian officials have been notified of his arrest.

McGeary was arrested by Officer John Brown in the cigar manufacturing shop of William Ernst located on the Milwaukee street bridge.

A few days ago Secretary W. H. Phelps of the local Cigarmakers' Union received notice of the sudden departure of McGeary from London. This morning about 8 o'clock Mr. Phelps informed Officer Brown that a cigar maker answering the description of the much wanted McGeary was in the city and that he had presented to the local union his card which entitled him to the sum of \$3.25. This money was paid to McGeary who at that time appeared to be entitled to it.

When notified this morning that the alleged defaulting Canadian was undoubtedly in this city, Officer Brown and Mr. Phelps went to the William Ernst cigar shop and there found their man busily engaged in conversation with the workmen. Mr. Phelps closely questioned McGeary, but he denied having ever been in Canada. Officer Brown then questioned him and the result was that McGeary told several complicated stories. He said that he spent a week in Racine and that he went there from Chicago. He denied that his name was McGeary.

Officer Brown then placed the man under arrest and he was taken to the city lock up. Here he was searched and closely questioned by Chief of Police Hogan. On his person were found two cigar makers' union books that entitled the bearer to cash from the different unions to whom the books were presented. These books were valued at \$20 each. Other papers were also found and a small amount of change.

McGeary then broke down and made a confession of the whole affair stating that he was the man wanted and that he was ready to return to Canada and face the consequences. He admitted that he had suddenly left home but he denied that he had stolen \$300. He was then placed in a cell. Chief Hogan has telegraphed the police officials at Ontario and from them he now awaits word.

McGeary was seen by a Gazette representative this morning to whom he stated that he did not fear the outcome of his arrest. He said that if \$300 was missing at Ontario there were other officials of the Cigarmakers' Union interested besides himself. He further stated that he had a wife and one child at London.

The prisoner is what the average person would call a good looking, young man of about twenty-three years. He is attired in a neat fitting suit of tailor made clothes and wears a white soft hat. McGeary left home on April 28 and his address is given as 266 Thames street, London, Ontario.

Officer John Brown and members of the local Cigarmakers' Union are to be congratulated on making such an important arrest.

## HAYES BROTHERS SHIP MATERIAL

Fifteen Cars Required to Transport the  
Material to Be Used on the  
Underground Railroad.

Hayes Brothers, the well known grading contractors, will ship from Chicago this evening several cars loaded with material on which to begin work on the underground railroad to be constructed in New York City. The shipment will comprise about fifteen cars and will be sent through to destination at fast freight rates. Many men will also accompany the consignment. Hayes Brothers will be in New York to personally conduct the beginning of their gigantic task which means the completion of an entire section of work which involves an outlay of a vast fortune. The work will practically take three years to complete if not longer. John Cullen left this evening for New York having been engaged to superintend the carpenter work.

## FUNERAL OF JOHN CONLEY

Held From St. Patrick's Church and  
Largely Attended.

Funeral services over the remains of the late John Conley were held this morning for St. Patrick's church at 9:30 o'clock, the interment being in Mount Olivet cemetery. The pall bearers were John Murray, J. Kennett, Michael Murphy, James Lavin, John Lawler and Thomas Murray.

The only objection ever heard to Forest Park lots is the distance from the postoffice. Let us look at the facts. The four beautiful lots south of the High school building, for which \$2,500 has just been refused by Mrs. Allen, lack one block of being a half mile from the postoffice by a bee line or about ten blocks by actual travel. Some of the very best home sites for sale in Forest Park are only three blocks east of the High school and will be sold at auction on next Saturday at the buyers' own figure. They are very cheap at \$800 or \$400 apiece.

Every young man should think about getting a home. The first step towards a home is the purchase of a building lot. The Forest Park Improvement Co. present a choice from fifty lots in the best residence portion of the city.

In Forest Park there are several opportunities of buying two adjacent lots at a very reasonable figure. One of the lots would be a very choice spot for the dwelling and high and dry, and sweet, while the adjoining lot would be a cheaper lot. Lots eleven and three in block six on Jefferson avenue, a short distance north of the city railway track, presents a fine example of this kind. Go and look at them.

## SEVERAL ATTENDED DELANAN MEETING

METHODISTS AND THE CON-  
GREGATIONALISTS MEET.

Janesville Was Well Represented,  
Many Haying Made the Trip Yes-  
terday and Today—Several From  
the Bower City Were on the Pro-  
gram.

Several from this city, were at Delavan today in attendance at the district meeting of the Woman's Foreign Missionary society of the Janesville district. The program opened this morning, and a good sized delegation from Janesville made the trip over the Chicago, Milwaukee & St. Paul road at 11:30 o'clock. Delegates from Fort Atkinson and several other near by towns joined the local delegates. The meeting at Delavan today proved a most interesting and profitable one.

It will continue through tomorrow, and is being held in the Methodist Episcopal church.

Among those on the program from Janesville are: Solo, Mrs. Woodside; "Our Literature," Mrs. Blodgett; "Mexico," Mertie Pantall; "Wasted Energies," Mrs. C. A. Hunt; report of branch meeting, Mrs. K. Stevens.

At Delavan yesterday the 59th annual meeting of the Beloit District convention met with the Congregational church. The meetings were open to every one and were of deep interest to all. The convention was largely attended by outside delegates and the program proved an exceedingly good one. A. E. Matheson and Rev. R. C. Denison of this city took part in the program.

Rev. Wilder, former pastor of the Congregational church in this city, was one of the prime movers in arranging the program and to all their Janesville acquaintances Rev. and Mrs. Wilder extended a most hearty welcome.

## SETTLEMENT MADE IN CROUSE CASE

BELOIT MECHANIC WHO SUED  
FOR INJURIES.

Claimed That He Was Injured as the  
Result of Defective Machinery—  
Interested Attorneys Agreed on  
Basis of Settlement Last Evening—  
Other Matters Before Court Today.

The case of G. S. Crouse vs. Fairbanks, Morse & Company was called this morning and was announced as being settled. It was discontinued each party paying their own costs. Crouse is a mechanic and was employed by the defendants in their large manufacturing plant located at Beloit. While at work last summer Crouse was injured losing one of his fingers. He claimed his injury was the result of defective machinery.

Arguments in the case of Emma Metcalf vs. John Ritscher were closed this morning on the part of the defendant by E. C. Ritscher and William Rogers and on the part of the plaintiff by Silas Meuzies of Beloit. The jury retired at 10:50 a. m.

The action of William McVicar vs. Julia Britton, was settled out of court. In the matter of the call to Hon. George Clementson the court ordered that he bear the action of Pliny Norcross vs. the Indian Ford Water Power company on June 13, 1900, and that Judge Clementson hear and try any other action that might come before the court at that time.

This afternoon a jury was drawn to hear the issues in the case of John Beck vs. G. A. Lanphier. The plaintiff is represented by M. G. Jeffris and John Cunningham and the defendant by Smith & Pierce.

At 3:30 o'clock this afternoon the jury in the case of Emma Metcalf vs. John Ritscher brought in a verdict in favor of the defendant. The plaintiff sued for damages in a runaway accident in Beloit.

Last evening at 8:15 o'clock while driving down East Milwaukee street a Mr. Archer lost control of his horse. On reaching the Milwaukee street bridge the frenzied animal ran on the bridge sidewalk adjoining the Rock county bank striking the railing and throwing Mr. Archer out. The horse then broke from the wagon. Mr. Archer was assisted to the People's drug store by Sheriff Appleby and Dr. Hedges. His injuries were not severe.

## CHURCH PROPERTY WILL BE IMPROVED

Court Street Methodist Building Will  
Be Renovated and Rebuilt—  
Good Financial Condition.

The union of the two Methodist churches, that has been the subject of considerable discussion during the past month, is not to be accomplished, the societies failing to agree on a plan.

Both churches are in good condition financially, and with a membership of about 300 each, there is no reason why they should not continue to prosper.

The Court Street people have been considering the improvement of their property for some time; and at a meeting of their officers on Monday evening, the board of trustees were instructed to go ahead with the enterprise.

The stores will be enlarged and the floors let down to the level of the street, making the corner one of the most desirable for business in the city. The building will be put in thorough repair, painted and redecorated, and possibly enlarged.

## CONDUCTOR BAKER DIES AT FREEPORT

Formerly Made Janesville His Head-  
quarters and Was One of the Old-  
est Men on Milwaukee Road.

John E. Baker, a veteran Chicago, Milwaukee & St. Paul passenger conductor, died at his home at Freeport Monday morning. He was born in Lancaster, N. H. March 26, 1833. He came west to Milwaukee in 1856 and went to work on the St. Paul railroad and with the exception of two years has worked for the company ever since. For ten years when he ran between Milwaukee, Janesville and Monroe he made his home in Monroe. He went west and after two years returned to Milwaukee and the railroad company. Six years ago he moved from Milwaukee to Freeport and since then he has been on a passenger run between Freeport and Rock Island. He was one of the oldest conductors on the Chicago, Milwaukee & St. Paul, having in all run a passenger train forty-five years. He was married to Fannie E. Cheney of Whitewater, Sept. 21, 1865, and his wife and one son, Rufus Baker, survive him.

## WOLHAUPTER SAYS HE ROBBED JAMES

WATCH FOUND WHERE IT IS  
DROPPED BY PRISONER.

Entered the S. L. James Residence at an Early Hour This Morning and But a Short Time Afterwards Was Placed Under Arrest—Frank Parks Arrested With Stolen Timepiece.

Clarence Wolhaupter made a confession to Chief of Police Hogan this morning admitting that he burglarized the S. L. James residence, 201 South Jackson street, at an early hour this morning.

Frank Parks, a stranger, was also arrested in company with Wolhaupter and in his possession was found a watch stolen from Evansville recently.

This evening Parks will be taken back to Evansville for trial. Tomorrow morning Wolhaupter will be brought into court in this city. Both will plead guilty.

At 1:20 o'clock this morning Chief Hogan went home. He had been to bed but a short time when the telephone rang and the Chief was notified that the James residence had been broken in to and Mr. James' gold watch had been stolen. Chief Hogan rushed but a short ways from the James residence and he was soon on the scene.

Mr. James recently suffered a stroke of paralysis and being not in the best of health last evening he was unable to sleep. When the robber entered the house by one of the windows he made for Mr. James' bed room. As he prowled about the bed room Mr. James got a good look at him, but being paralyzed he was unable to make an outcry. After taking Mr. James' watch the thief made good his escape via the window through which he entered.

All Mr. James could make the police understand was that the robber was short and that he wore gray clothes. Chief Hogan then made his way to the railroad yards. At about 4 o'clock the chief discovered two men seated near the western approach of the upper railroad bridge. Without a word of warning Chief Hogan took both suspects into the strong arms of the law and to the city lock up marched them both. Here Wolhaupter was soon identified. The other man was a stranger and gave his name as Frank Parks. In his possession he had a gold watch that was identified as one recently stolen from Evansville.

Wolhaupter had no watch in his possession. After the two men had been placed in cells Chief Hogan and Turnkey Samuel Brown went to the railroad bridge, where the two men were seated when arrested. Here they found the gold watch stolen from the James residence. The supposition is that Wolhaupter dropped it in the dirt when he was taken in hand.

This morning Wolhaupter was taken to the James house and identified by Mr. James. He then confessed.

# THE METHODIST CONFERENCE

Gov. Shaw Opposed to Electing Any Bishops.

## 20TH CENTURY MOVEMENT

Relating to Securing 2,000,000 Converts—Educational Qualification for Ministers and Also an Educational Test for Women—Pagans of Africa.

Chicago, May 16.—As the balloting for bishops proceeds Bishop Daniel A. Goodspeed is presiding.

The three reports from the committee on episcopacy, recommending two bishops on the majority report, none on the minority report, and four on an amendment to the minority report, brought out the best speakers on the floor. Gov. Shaw was so applauded on speaking against the election of any bishops that there was some alarm lest the convention should go that way. Robert Forbes followed and made a strong speech for four bishops. Two seemed a fair compromise, and the majority report was adopted.

During the morning session the rules were amended to instruct standing committees to consider only matters referred to them and to report on all these subjects. A committee of fifteen was appointed to further that phase of the twentieth century movement relating to securing 2,000,000 converts. The book publishers were instructed to publish a map of the United States giving the boundaries of annual conferences.

A resolution read by J. M. King of New York, protesting against reopening the sectarian question by the government through contributing funds to the Roman Catholic church for work among the Indians or in any of the new possessions, was adopted. It is to be forwarded to President McKinley.

The committee on education, following its action in fixing an educational qualification for ministers, also fixed an educational test for women who desire to enter a training school or to take up the deaconess work. The requirement is a course of study equivalent to two years of academic or seminary work.

The Epworth league held its eleventh anniversary in the evening at the Auditorium. Bishop W. X. Nide presided. Prof. Addicks said:

"There are 200,000,000 of Africa's pagans, 300,000,000 of the semi-civilized of Asia, 100,000,000 under Mohammedan sway, and 8,000,000 Jews to be rescued by Christianity. Infidelity must be overcome, the problems of capital and labor must be solved, the demon of strong drink must be forever cast out."

### Missouri Republicans Meet.

Kansas City, Mo., May 16.—The republican state convention is in session. There are practically no contests in sight over the state offices, and Joseph Flory of St. Louis, railway and warehouse commissioner, is the only candidate for governor.

### Edward A. Rosier of St. Louis, United States district attorney, is temporary chairman. Nathan Frank of St. Louis is chairman of the committee on resolutions.

### Onelida Sails for Havana.

Greenwich, Conn., May 16.—The steam yacht Onelida, with its owner, E. C. Benedict, on board, has left Indian Harbor for a two weeks' cruise. The yacht will go to New York, where Grover Cleveland and Joseph Jefferson will go aboard. A start will then be made for the south, and it is expected that Havana will be reached in a few days. The trip is one for pleasure and business combined.

### City to Own Its Light Plant.

Strasburg, May 16.—The city of Strasburg, Baden, is erecting an electric light and power plant. The city authorities are also laying down a street railway. The famous Siemens-Halske company of Berlin are the contractors. The whole undertaking is to cost 5,000,000 marks (\$1,900,000).

### Mr. Cleveland Goes to Cuba.

New York, May 16.—Former President Cleveland, accompanied by E. C. Benedict, boarded the steam yacht Onelida, for a two weeks' cruise in the West Indies, including a visit to Havana.

## AT FARRAGUT'S BIRTHPLACE.

Admiral Dewey Unveils Marble Shaft at Low's Ferry.

Knoxville, Tenn., May 16.—The final day of Admiral and Mrs. Dewey's tour was spent at Low's Ferry, thirteen miles west of Knoxville, the birthplace of Admiral Farragut, under whom Dewey served in the civil war. "The admiral and party, accompanied by various reception committees and members of the Daughters of the Revolution and many citizens left the city at 9 o'clock by boat for the birthplace. Arriving there near noon, the site of the old Farragut homestead was visited. There Admiral Dewey formally unveiled the marble shaft erected to mark the birthplace of the first admiral. Upon it is engraved: "Birthplace of Admiral David Glasgow Farragut, born July 5, 1801. Erected by Bonny Kate Chapter D. A. R., Knoxville, Tenn. Dedicated by Admiral George Dewey, May 15, 1900." Following the unveiling Admiral Dewey made an address in which he paid high tribute to Farragut and recounted his associations with him. Addresses were also made by Mrs. Charles A. Perkins, representing the D. A. R.; Col. L. D. Lyson, and Judge O. P. Temple. The latter presented Admiral Dewey with a handsome miniature of Admiral Farragut, done by Lloyd Branson of this city. The party returned to the city this afternoon, where a final reception was tendered Admiral Dewey by the Cumberland club. Admiral Dewey and party left this evening at 6 o'clock for Washington.

Wabash, Ind., May 16.—The Rev. Howard Steininger of the evangelical church, whose assignment is to Oak Park and Compton Hill, was caught by Fish Warden Sala of Vincennes on Lake Wawasee while engaged in illegal fishing. Sala, disguised as a farm hand followed the boat containing the minister, and with a rifle shot effected a capture. The minister's boat contained a new 200-foot seine. Steininger promised to appear in court when wanted and was released.

I consider it not only a pleasure, but a duty I owe to my neighbors to tell about the wonderful cure effected in my case by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I was taken very badly with flux and procured a bottle of this remedy. A few doses of it effected a permanent cure. I take pleasure in recommending it to others suffering from that dreadful disease.—J. W. Lynch, Dorr, W. Va. This remedy is sold by Smith's Pharmacy, Kodak agents, opposite P. O.

### You Try It

If Shiloh's Cough and Consumption Cure, which is sold for the small price of 25 cents, 50 cents and \$1, does not cure take the bottle back and we will refund your money. Sold for over fifty years on this guarantee. Price 25 cents and 50 cents. Sold by J. P. Baker.

### Low Rates to North Manchester, Ind., Via C. M. & St. P. R'y.

On May 29 and 30 good to return until July 1, account annual meeting German Baptists.

The ancients believed that rheumatism was the work of a demon within a man. Any one who has had an attack of sciatic or inflammatory rheumatism will agree that the infliction is demonic enough to warrant the belief. It has never been claimed that Chamberlain's Pain Balm would cast out demons, but it will cure rheumatism, and hundreds bear testimony to the truth of this statement. One application relieves the pain, and this quick relief which it affords is alone worth many times its cost. For sale by Smith's Pharmacy, next to post-office, Kodak agents.

### If the Baby is Coughing

Be sure and use the old and well tried remedy Mrs. Winslow's Soothing Syrup, for children's coughing. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

### When doctors fail try Burdock Blood Bitters. Cures dyspepsia constipation; invigorates the whole system.

Takes the burn out; heals the wound; cures the pain. Dr. Thomas' Electric Oil, the household remedy.

### The little folks love Dr. Wood's Norway Pine Syrup. Pleasant to take; perfectly harmless; positive cure for coughs, colds, bronchitis, asthma.

Scratch, scratch, scratch; unable to attend to business during the day or sleep during the night. Itching piles—horrible plague. Doan's Ointment cures. Never fails. At any drug store 50 cents.

# Nerves on Edge.

Could not Concentrate my Thoughts; Could not Sleep an Hour at a Time without Waking; Was Almost Distracted. After Years of Suffering I Was Cured by

## Dr. Miles' Nervine.

When the nervous system is so run down and worn out that sleep refuses to come to its relief, the life forces are rapidly consumed and both physical and mental faculties soon lose all power of recuperation. Nerve force is necessary to run the human machine and must be supplied from some source or it breaks down. Dr. Miles' Restorative Nervine nourishes those organs that are most in want. It soothes the irritated nerves, brings rest and refreshing sleep to the tired brain, and cures nervous disorders of every kind. The following letters will be interesting reading for those who are suffering from nervous troubles.

"Three years ago I was attacked by a strange form of nervous trouble and for a year I was very poorly. Then I began having smothering spells, accompanied by a gripping sensation in the chest when it seemed as if they my son. My ailment finally developed into a

breath would leave me. I would also have had case of nervous prostration which our home physicians seemed unable to relieve, paralyzed. I could not sleep at night, and was at all times restless and miserable. For six months I was completely prostrated and most of the time was confined to my bed. Our home physicians failing to help me, we called in a noted specialist from Bloomington; but with no better results. I had become very despondent, when, one day, a circular was left at my door telling of Dr. Miles' Nervine and what it was good for. Some of the people whose statements I read had suffered just as I was suffering, and although I had no faith in advertised remedies, I determined to give Dr. Miles' Nervine a trial. The results were marvelous. It helped me from the first dose, and six bottles restored me to my former good health. I have had no return of the old trouble and I feel that the relief is permanent."

Mrs. F. M. DUNKIN, Le Roy, Ills.

Dr. Miles' Nervine is sold at all drug stores on a positive guarantee. Write for free advice and booklet to

# Forest Park Lot Investment A Safe Deal.

AUCTION SALE WITHOUT RESERVE TO THE HIGHEST BIDDER

SATURDAY, MAY 19TH, AT 1:30 P. M. : : :

The purchase of a good lot at a reasonable price is a safe investment. It is only a few years since there were plenty of choice building lots on Milton Avenue, East Milwaukee Street and on the hill east and south-east of the Court House square. They have been gradually picked up until now it is difficult to find a real choice building spot in any of these localities at a reasonable price.

The unsold lots in Forest Park are really the only good locations away from the shops and railroads, dust and noise, which can be had at moderate figures and on easy terms.

2-5 Cash,

TERMS: 2-5 in One Year, 1-5 at End of 2nd Year

Note at 6 per cent. secured by mortgage, or 5 per cent. discount for full cash payment.

### the military last ::

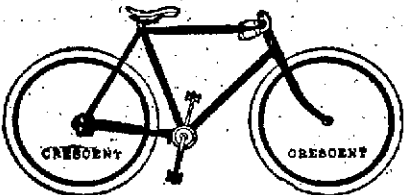

Is all that its designers, Hanan & Sons, claim for it. Very much like the McKinley last—it is straight, with a nice full tread at the ball, broadening to a nicely rounded toe. It is "just swell". We have it made up in Hanan's special brand of Russia Cal Skir—a soft, pliable leather full of wear and foot comfort. No burning sensation, no breaking in.—It is the "ideal" for summer wear. At the price we sell this. Since we say it contains more value than anything to be had anywhere in points of style, wear and comfort. The price is

**\$5.00 for this style.**
